**MAGNUS COMPACTUS**

COMPACT SHELVING  
SERIES

# Magnus Mechanical Compactus

Usage: Compact shelving is widely used in the library, office, archives, scientific research department and medical depart store. The feature is confidentiality, closure and saving space.

- The side panels of the compact rack are of split design. The side frame adopts streamline design and have six reinforcement bars. Novel design, smooth lines, sturdy and durable. Waterproof, anti-fouling, anti-corrosion performance is excellent.

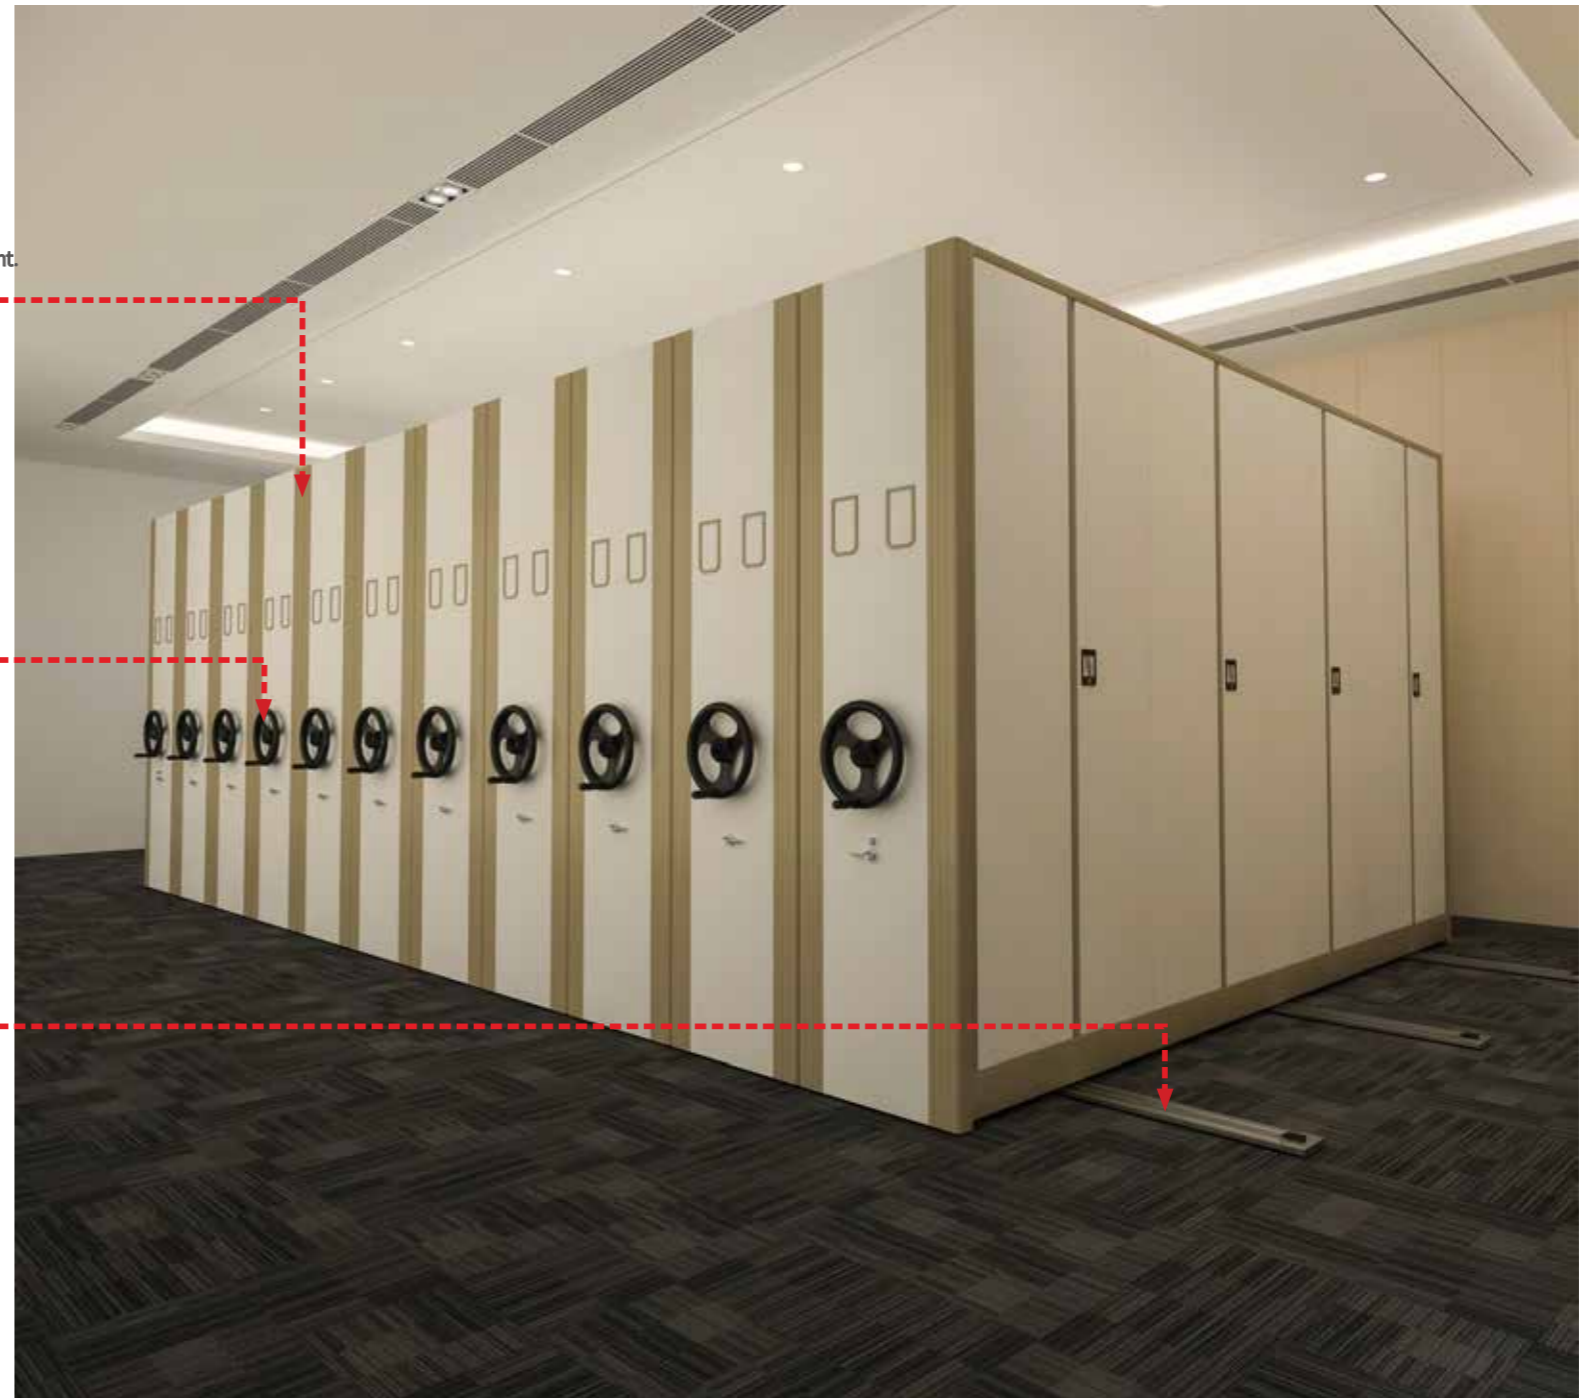

- The hand crank is made of high-quality PU material, which can be folded, convenient and beautiful.

- The 20mm\*20mm D-shaped steel is formed through cold drawing process, precisely cooperating with the roller, more energy-saving shaking and quieter operation...

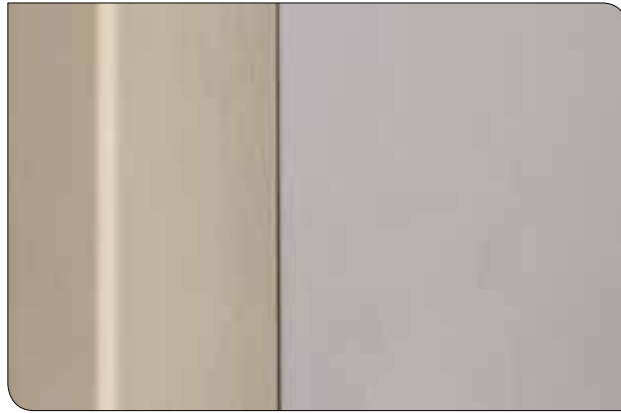

- The rollers are made of high quality 45# steel, forged and shaped, and CNC lathe. Precision machining, the bottom surface of the groove is processed by R12 angle technology. There is a square keyway in the middle, and the surface is nickel-plated, anti-rust and wear-resistant.

# Magnus Mechanical Compactus

- High-grade titanium alloy wire drawing
- Aviation Aluminum

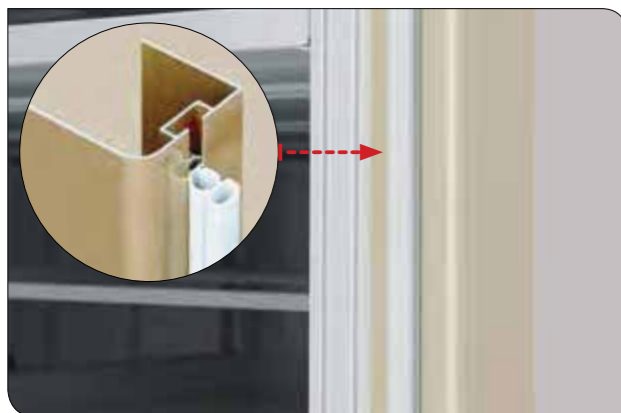

• The lateral plates adopt the combination with high-grade titanium alloy and aluminum material, waterproof, anti-fouling, anti corrosion, lightweight and strong bearing capacity.

• The columns add embossing process, greatly improve the whole bearing capacity and overall stability.

• Adopt adjustable dual hanging plate design with the bookend to make the placing items stand stable and anti-dumping.

• Adopt high quality rubber sealing strip, which is the right match with lateral plate slot to avoid the fall off.

The internal structure of shelves

1. Conventional

2. Semi-closed

3. Full enclosed

# Magnus Electric Compactus

## DVS electric compact shelves:

- ◎ Frame control system: 5 years free warranty for the control system
- Drive motor: Driven by 24V DC 120W brushless DC motor
- ◎ Frame operation: slow start, soft landing, anti-collision protection
- ◎ Voice prompt: use high-quality independent voice module for voice prompt
- ◎ Manual operation: seamless switching between electric and manual
- ◎ Automatic lighting: automatic lighting system using LED lighting
- ◎ Security Guarantee:
  - Infrared security protection for access control
  - Infrared safety protection against extrusion in the rack
  - Timeout protection
  - Overload protection
  - Low voltage operation electrical protection
  - Leakage Protection
- ◎ 25mm metal button switch: simple and intuitive one-touch operation
- ◎ Fault self-check: self-check prompt function
- ◎ Touch screen control: fixed column touch screen
- ◎ Color row number display: 4-digit 1.8-inch green matt column number display
- ◎ Green and energy-saving: energy-saving operation
- ◎ Frame linkage: multiple rows of frames are activated at intervals and move in sequence at the same time
- ◎ Control System:SCM control system

## ABOUT US

Founded in 2009, DVS Holdings began as a family-run business with just one showroom in Gambas. Guided by the belief that no workspace is too small, too unique, or too complex to reimagine, we have since grown into a trusted local provider of office furniture and workspace solutions in Singapore.

Today, we operate three showrooms, two fully stocked warehouses, and our in-house production workshop, supporting clients with speed, flexibility, and precision at every stage of their office transformation.

---

## OUR VISION

To be Singapore's most trusted office transformation provider, where every Space is Reimagined with Dedication, Vision, and Sophistication.

## OUR MISSION

We deliver bespoke, end-to-end workspace solutions in Singapore that bring clients' vision to life. With a deep understanding of the local business environment, we design for real-world space constraints, integrating ergonomic office innovations that support Singapore's fast-paced, high-performance work culture.

Whether it's fitting custom workstations into compact layouts or coordinating renovation and installation, we tailor every detail with intention.

**OUR EDGE**

**1**

**Custom-made for Your Vision**

We craft bespoke office furniture in Singapore that clients trust, tailored in size, shape, and finish to bring each unique workspace vision to life.

**2**

**In-House Manufacturing Advantage**

We offer in-house production of office furniture in Singapore, delivering the speed, quality control, and competitive pricing our clients trust.

**3**

**Local Ready Stock Availability**

We maintain ready stock of office furniture in Singapore, ensuring faster delivery and fewer delays compared to providers who rely on indent orders.

**898+**

**4**

**Competitive Pricing**

We offer affordable office furniture in Singapore that clients trust, providing great value for money without compromising on quality.

**5**

**Fast Quote-to-Delivery Turnaround**

We provide a fast office furniture quote in Singapore within a day, followed by speedy delivery soon after. With DVS, there's no waiting around.

**6**

**Practical, Precision-Driven Design**

We design practical, precision-driven office workstations in Singapore, focusing on details like cable management, electrical point accessibility and power sockets placements, while overseeing large-scale office renovation projects.

**107+**  
Team Members  
and Specialist  
Partners

**16+**  
Years of Trusted  
Industry  
Experience

**7**

**Service Flexibility**

We offer flexible service for fast setups or multi-phase office renovation in Singapore, adapting to your project schedule to ensure seamless delivery.

**8**

**End-to-End Solutions with Ongoing Support**

We offer end-to-end office solutions, from space planning to office fit-outs and furniture installations, all handled by one dedicated team. And our service does not stop at handover: we provide reliable after-sales support including post-installation service, parts replacement, and urgent fixes

**9**

**Trend-Responsive, Globally Inspired**

We stay ahead of office furniture trends in Singapore, drawing inspiration from international design exhibitions and sourcing eco-friendly, sustainable materials to create timeless and future-ready workspaces.
